

Dear Partner,

The American Association of Occupational Health Nurses Foundation is a group of volunteers whose mission is to enable occupational and environmental health professionals to improve worker health and safety by preventing workplace illnesses and injuries. We accomplish this by procuring sponsorships and fundraising to award grants and scholarships that fund ongoing professional education, leadership development, and research initiatives.

AAOHN is nationally recognized as a leader within the field of occupational and environmental health nursing. We are extremely proud of this tradition and work hard to maintain our commitment to worker health and safety by focusing on improving the health and safety of the nation's workforce. The Foundation was created by AAOHN in 1997 to carry out this mission. Supporting the Foundation's activities ensures there are resources to support this bold visionary of expanding resources for occupational and environmental health professionals.

We would be honored and pleased to have you sponsor a fundraising event/table at our annual
